Product Evangelist – Casino

Description

Join UniPlay on its journey to change the iGaming industry by disrupting how players win and earn money while playing slots. We're dedicated to bringing play-to-earn to online casinos.

Responsibilities

You will manage the development of the UniPlay casino environment by making sure requirements are met and that the tasks are completed in a timely manner.

You will work with various stakeholders within the organization to create the best blockchain casino platform available. You will act as a bridge between the commercial team and RND and various other stakeholders.

Qualifications

We think that you have a background in the iGaming industry, with 2+ years in a product manager position with a strong interest and understanding of the crypto-industry.

Job Benefits

We offer an exciting role in a growing industry. By joining UniPlay in an early stage, we can offer a generous incentive program as well as a fixed salary. We offer a flexible work environment with multiple offices around the world, we're also welcome candidates that want to work full time from remote.
